Smart Coding & Interview Series
Top-20 Basic Program
(Set & MultiSet Applications)

First, understand the solution building strategies and coding for the problems in LIVE/VIDEO session and then you apply those strategies discussed in LIVE/VIDEO session to solve the following problems. Use your favourite language(C/C++/Java/C#/Python/Scala) for coding.

Jewels & Stones: https://leetcode.com/problems/jewels-and-stones/

Contains Duplicate-I: https://leetcode.com/problems/contains-duplicate/description/

Unique Morse Codewords: https://leetcode.com/problems/unique-morse-code-words/description/

Intersection of Two Arrays: *https://leetcode.com/problems/intersection-of-two-arrays/description/*

Intersection of Arrays-II: https://leetcode.com/problems/intersection-of-two-arrays-ii/description/

Twosum-II: https://leetcode.com/problems/two-sum-ii-input-array-is-sorted/description/
